All of life's joys and  
struggles are remembered  
by the lives shared and  
touched with loved ones.  
Our mission is to give  
families a work of art  
which provides a sanctuary  
for reflection.

## Q & A

⌘ Why glass?

*Glass is a pure, fragile and precious material as life itself. EternalGlas™ believes that a memorial urn should be cared for delicately.*

⌘ Is the glass strong?

*Embraced is crafted out of heavy wall Pyrex™ Glass made to withstand physical and thermal shock.*

⌘ Can you see the cremated remains?

*No, the cremated remains are not visible through the glass .*

⌘ Can this cremation urn be buried?

*Yes, all of EternalGlas™ urns are designed for burial in an industry standard burial vault. These pieces are also designed for columbarium rooms for urn placement and display.*

⌘ Can you pick up the Gilded Gold Leaf Urn?

*Embraced is held by a curved aluminum base covered with black velvet. The urn container is designed to be held for memorial and reflection purposes.*

---

*EternalGlas™ was founded by artist Eric Starosielski. His vision has led him to create unique glass funerary urns to commemorate the life of loved ones. Attention to detail and the highest quality resources are used in the making of each piece in Cambridge, MA.*

## Custom Services

EternalGlas™ can custom design an urn to your specifications. Custom Lock Sets can also be created so that cremated remains can be divided into multiple urns for distribution to relatives. In each case, EternalGlas™ will consult to develop an appropriate design. Custom services begin at \$4,000.
